

Buffalo Cemetery Committee

June 16, 2021

A. **Call meeting to order:** 5:00 pm

B. **Roll Call**

Ted Teel and Austin Miller

C. **Cemetery mapping**

Chris Thornton provided additional information about the mapping. Teel and Miller would like some time to go over all the information. At this time, they would like to concentrate on beautifying the cemetery and then work from there. They are very interested in the mapping and would like to bring to City Council again.

D. **Trees**

Many trees are unstable or causing problems with headstones. Josh Ferkel made a map of the trees and circled the ones he would recommend. He would also take care of the stumps.

E. **Headstones**

Our City Code says we are responsible for up-righting headstones. Committee would like to discuss with council on how and how to pay for this.

F. **Fence**

New owners of the house next to cemetery wants to replace fence. They are asking who is responsible for it. East/west fence is between her and the Catholic Church. The north/south fence is between her and our cemetery. Committee would like to take care of it to help make the cemetery nice.

G. **Grave markers**

Historical Society has offered to help research where the grave markers that were found in the shed belong. Also recovered in the shed were two headstones. We will research to see if he can find the graves.

H. **Public Input**

Josh Ferkel would like the informational/rules sign moved. Suggestions were to attach it to the shed or put it out front.

I. **Adjournment**

Meeting was adjourned at 5:45 pm
